Venetta Snyder Offers Full Time Service On School Committee

Venetta (Montagna) Snyder, the only woman candidate seeking election on Nov. 17th to the Agawam School Committee, today issued the following statement:

"For many years, I have felt that women should and must become involved in community affairs. Women in general have more time to devote to this service, along with natural instincts, stability and close at hand knowledge of children.

My answer to: "What can you offer to the Committee?" is — full time service. My present vocation is homemaker and mother of three children all attending Agawam Schools. I offer to make the School Committee my full time occupation. I would strive to bring the office of the School Committee closer to the people.

Laurence Andrews Says Homeowner's Viewpoint Is Vital On Planning Board

Laurence R. Andrews, in his bid for election to the Planning Board 3 yr. term, stated that it is vital that the homeowner's point of view be represented on

the house lot sizes without reducing the value of his own property? How can a builder in Agawam vote to upgrade the quality of house or apartment construction without effecting his own sales market? How can a man that is in the Agawam real estate business be a member of this board and vote without bias on matters effecting his own business?

"Such would be the case with three of the five members of the Planning Board after Nov. 17, if the wrong candidates were elected.

Mr. Andrews has been a homeowner for 20 years in Agawam, a town meeting member for 6 years and a Finance Board member.

Robert Poulous States Position As Republican Library Trustee Candidate

Republican candidate for Library Trustee Robert Poulous this week released a statement giving his views on library services in the town if elected. Poulous set the following goals: "To increase participation in library services by the majority of the citizens in Agawam. To establish an improved library service for all age groups. To expand on the availability of modern up to date reading and reference material required to meet the needs of the youth in our community."

"I believe that library services can be improved once the needs of the majority of the community have been established. By direct contact with students, teachers, school board, and a cross section of the various age groups within Agawam, this can

be achieved once communication lines are open and the necessary 'feedback' has been established.

"I seek the opportunity to represent the citizens of Agawam by presenting to the town meeting a program to achieve these

goals through the best utilization of available funds. I believe that I have the financial, business and educational background necessary to provide for the future development of the Agawam library system and services.

"I can only do this with the voter's help on Tuesday Nov. 17."

School Board Candidate Frank R. Locke Calls For "A Broadened Educational Base"

Agawam School Committee candidate Frank R. Locke this week called for "a broadened educational base" in the town to serve the increasing needs of youth for decades to come.

"Certainly, our children need more of a base from which to prepare to face the world as it now is than we ever thought of, or even could have imagined in the 30's, the 40's or even the 1950's" which, he said, "sound as though they were just yesterday."

The 43-year-old business executive, a newcomer to the local political scene, said his business experience demonstrates that "we can economize in the operation of our schools."

"We can and should apply our savings to broadening the scope of our children's education in all areas of the existing curriculum. We must be in a position to attract and keep the best qualified teachers and administrators."

"We must consider adult educational programs and vocational education," he said.

"And most important, we must make available throughout the Agawam School System programs which treat upon the major sociological problems and environmental issues of our times, just one of which is in the area of experimentation with drugs by our youth," Locke said.

The candidate said that from a tax-dollar cost approach, the execution of a broadened educational package "can only result from the application of modern business management techniques."

"Obviously, we cannot ask taxpayers to provide more tax dollars to broaden the educational base during a period when we all face an inflationary economy

which has reached down to the most elementary expense items involved in running a household.

The dollars must come from the efforts of the School Committee in seeking out and implementing every possible savings from current non-educational budget expenditures," he said.

"It is in this area," Locke said, "where my background, experience and expertise can contribute to the maximum application of our tax dollars."

He cited the area of purchasing, where, he said, hundreds of items involving annual expenditures of hundreds of thousands of dollars, can be purchased at state bid contract prices, which can result in savings of up to 40 per cent.

YMCA ELECTS NEW OFFICERS

Mario Sakellis, Director of the Agawam YMCA has announced that five new members of the Board of Directors were chosen at the annual meeting last week. Also, new officers were elected for the term 1970-71.

Elected as new officers were Brady Snyder, president; Harry Leonardi, first vice-president; Robert Binnenkade, second vice-president; Robert Watson, treasurer and Elaine Taupier, secretary.

Twenty-one Directors are elected for a three-year term to manage the YMCA programs.

Said Mama: "You can't marry him. He's a commentator."

He is an intelligent, forward-thinking businessman who can contribute much to a sensible, business-like approach to the operation of our schools.

Education in Agawam is a \$3 million-a-year operation.

That's big business.

It needs modern business management techniques to assure highest dollar efficiencies, to hold the line on costs, and to improve the level of education for our children.

His experience on the Mass. Business Task Force for School Management has provided insights which will be invaluable to the Agawam School System.

(That Task Force found areas for state-wide savings of "up to \$100 million" annually, through the application of up-to-date business techniques.)

MESSAGE FROM THE PRESIDENT

JAMES H. LOOMIS, JR.

I present this Annual Report this year with a great deal of pleasure. After two years as the President of the Agawam Community YMCA and Branch Board Chairman, I have found that the hard work and long hours have been worthwhile. Ending last year with a large deficit was discouraging. This year we find that we have ended the year with all bills paid and all deficits prior to last year erased. This was accomplished by a gigantic effort on the part of all lay people and the professional staff. This year's Outdoor Center operation was a great deal more successful than last year, again due to the lay participation and the guidance of our professional YMCA people. The Day Camp finished the year with a substantial surplus which aided the total outcome of the administration budget. The success of the Camp and the Outdoor Center, without any question, was due to the return of a fine staff and the continued efforts on the part of the Camp Committee, the Outdoor Center Committee and the efforts of our executive, Mario.

It is with a great deal of pride and pleasure that I leave my tenure of office in the hands of a most capable president for the next two years. It has been a distinct pleasure to serve this Association both on the local level and the Metropolitan level the many years that I have been a member of the board, and the last two years as its president.

It is my sincere hope that the people of Agawam and the YMCA family will continue to support the Association as it has in the past. The continued success of the Agawam YMCA is in direct proportion to the youth that it serves.

Now We Understand

A very vital choice the voters will have to make on Town Election Day, Nov. 17th, concerns the selection of an attempt to change our Charter form of Government and the election of nine members necessary to compose such a commission responsible for the formulation of a new Charter.

So often the voter has not been alerted to the basic facts and perhaps has unknowingly placed confidence in the advice of a friend who inadvertently thought he knew.

In as condensed a form as possible, please understand that at the polls on the above date you, by voting yes, will simply be asking for consideration for a

change in Charter. You will NOT be voting a change until a new Charter has been formulated.

On the second section of this proposed Charter change question, you will be asked to elect Charter Commissioners. It will be their responsibility to organize and formulate a proposed Charter subject to your approval in the Fall elections of 1971. If at that time you have decided, in the majority, against a Charter change then our present form of Government will continue indefinitely.

It is not my intention to tell you how to vote, nor even to unfairly persuade, but I would like to write that the present Board of Selectmen, knowing full well the problems of part time administration in an ever growing Town, are the sponsors for the request to change our form of Government.

I trust you are aware that I have not used the term "Town Manager" up to this point. The reason is that one cannot preclude what form of Government will be proposed by the elected commission. That choice is their prerogative and they must eventually get the approval of the voters.

When you make your choice of Charter Commissioners on the Nov. 17 ballot, I would like you to consider the fact that several

of the candidates will have served for the past year on a committee designed to study a change in Government. They have served faithfully and, in fact, it is through their efforts to obtain 1500 certified petition signatures that the question does appear on the ballot. I would repeat the names of those who served on this committee: Joseph Cancelliere, Francis Capitanio, C. William Hall, James Kane, Julien Miodowski, Barbara Skolnick, David Marshall, Town Moderator, and the writer representing the Board of Selectmen.

Town Government continuously grows more complex and your choice of candidates for Town officers parallels this complexity. The considerate voter should be extremely careful in making his selections. I have lived with Town Government for some 25 years and I have personally witnessed the insincerity of many candidates to fulfill the obligations of their respective offices. Some are placed on the ballot by their party to fill the slate. Some have ulterior motives and seek an office for private gain, others may represent outside interest. Others have shown little interest after they have been elected and this has been proven by their failure to attend scheduled meetings. This is your Government and its success or failure is directly dependent on your choice as made on Nov. 17. The intelligent voter will consider the sincerity of each candidate regardless of party affiliation because he realizes that once in office that person must carry his burden with sincerity.

Regarding the damage done to several properties by a recent storm which struck the south end of our Town, I have the following to report. On Friday, Nov. 6th, Don Campbell and I visited in Boston with Mr. Arthur McKinnon, State Director of Accounts, regarding the legality of expending Town money on private property to repair damage as a result of the storm. We were advised that such action would be illegal without the support of the State Legislature. Mr. Campbell has reviewed and estimated the damage caused and your Town will institute the necessary action to place a request before the Mass. General Court in 1971. It is only by affirmation from this body that the Town may allocate funds to relieve some of the expense levied by the storm on the residents of the stricken area.

Sincerely,
George L. Reynolds, Selectman.

Fontana Calls For Education Program To Combat Local Drug Problem

Alfred "Junie" Fontana, Democratic candidate for school committee recently released this statement relating his views on the concern of the entire school committee and also the individual school committeeman.

When questioned Mr. Fontana said:

"You might ask, 'What is the most important qualification for a school committeeman?' My answer is that the most important qualification is concern; concern with providing the best possible education the town can afford for its children. A school committee should be made up of people from different elements of the community. Its members should be determined to establish a fine educational system.

"Part of this concern is made up of knowing young people and what they are thinking. My experience with them through the Parks and Playgrounds and Recreation Committee which I am a member of, also as an official in various sports on both the high school and professional levels gives me a good background.

"Another element of concern is knowing the thinking and needs of teachers and school administrators. They are experts in education. I believe they should be firmly supported. People are beginning to realize that when the power to act is taken away from public servants, such as teachers and police, the public is not well served. If teachers and administrator's power to act is seriously restricted, we will have ineffective teachers, just as we will have a weak law enforcement system if police are overly restricted.

"Citizens — and students are citizens — also respect strength, when that strength is used fairly. To be strong, teachers need support, and if I am elected, I will give them my support.

"We all know that there is a drug problem. Yet there is no program of drug education in

any of our schools. As a school committeeman, I would work to institute such a program, and I would begin that program where it would have its best effect—in the elementary grades. By the time children get to high school, they may already have come under the influence of drugs. Let's get to the children with the facts about drug abuse before it's too late."

COACH'S CORNER . . . by Cliff Kibbe

Last Saturday Agawam defeated Cathedral High's football team 30-12. After spotting Cathedral a 12 point lead as a result of two fumbles Agawam finally untracked for four touchdowns in the remaining three periods to oust Cathedral. Thescoring was done by Mike O'Brien, two touchdowns, Frankie Santinello and Mike Drewnowski one each. All our backs ran well and Gary Safford passed for a touchdown and had a good game throwing.

Defensively Mike Drewnowski had two interceptions and Dana Raymond was once again leader in tackles. Offensively our linemen had a good offensive

game. Don Young, Dick Longhi, Bob Morin and Tom Locke were all impressive. The team voted the game ball to Frankie Santinello barely nosing out Dana Raymond in the balloting. A correction in last week's balloting, the game ball went to Mike O'Brien.

As they arrived at a party, a man whispered to his wife, "Your left stocking seam is crooked."

Quickly she made adjustments without being noticed in the crowd. Then she whispered to him, "Is the right one all right?" "Sure," he whispered back, "it's seamless."

ber 5 years (chairman 1 year). He is the founder and a three-year member of the Capital Outlay Committee. In 1969 he initiated a tax stabilization fund in Agawam. It is through this experience that he has seen the need for a sound financially based Master Plan in Agawam as a means of stabilizing the tax rate.

He advocates that a cooperative effort be established between the Planning Board, Capital Outlay committee, Conservation and Town Beautification Committee and Business and Industrial Commission as a solution to Agawam's growth problems.

Also I offer complete dedication. I will demonstrate the same dedication to this committee as I have to all offices I have held in the past. Perfect attendance when humanly possible and the same thorough study and research on situations and decisions and the courage to make my own decisions and stand by them when made.

"I will devote time and study to initiate programs and procedures that will insure harmonious relationships with the administration, teaching and supporting staffs of our system.

"For those of you who are wondering if a woman can productively work with men, I offer you my experience in this field. At present I am serving on the nine member New School Building Committee — being the only women member. Most recently, as an elected Town Meeting member, where women are greatly outnumbered, I instituted a Town By-Law change to increase the size of the School Committee which was unanimously approved.

"I appeal to the voters to support my candidacy, as a person who has shown concern with the problems confronting our children today and one who pledges to represent all the people in Agawam fairly and impartially with the sincerest commitment to ensure the best possible educational and social development for the youth of our community."

"We know that the town has a 60,000 or a 70,000 population possibility. The land area of approximately 21 square miles is only 1/5 populated. The achievement of this potential will require expanded services, more schools, more police, more sewer lines and more understanding of the needs of the people.

"The involvement of the people is the basic foundation of our democratic society.

"I hope, therefore, that the people of Agawam will exercise

their most important right—the right to vote. I will also ask the voters that on Tuesday, November 17th that they give me the opportunity to help Agawam achieve its promising potential growth."

Postmaster Lists Six Yule Tips On Mailing Cards and Parcels

Postmaster Robert R. DeForge today listed six tips on how residents of Agawam can help meet tight Christmas budgets this year by careful mailing of cards and parcels.

For the most efficient mailing, Mr. DeForge suggested the following steps:

1.—For servicemen overseas—"SAM" (Space Available Mail) Christmas parcels can be sent until Nov. 20 for only the small domestic parcel post charge involved from Agawam to East or West Coast points of embarkation for military mail. Parcels up to 5 pounds 60 inches in combined length and girth are accepted at this low rate.

2.—Larger parcels (up to 30 pounds with the same length and girth limitations) can be sent as "PAL" (Parcel Airlift) mail, provided they are mailed by Nov. 27. The charge is only \$1 per parcel, plus the regular domestic parcel post postage — much less than charges that would apply later if straight airmail service must be provided.

3.—For all packaging, invest in good quality, sturdy wrapping materials. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.

4.—Insure parcels realistically to cover full value but do not overinsure. A \$10 gift, for example, can bring only \$10 compensation, if lost, even if "insured" for \$100.

5.—Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional trips.

6.—Use ZIP Code as a tool for economy in mailing. When it is used consistently on parcels and cards, ZIP Code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray, an investment of several dollars may be lost, for example.

"The key to efficient Christmas mailing," Mr. DeForge commented, "is to mail early and care-

fully. Clear addressing, with the ZIP Codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage."

Chalkliners Rehearse 'A Trilogy' Scheduled Nov. 13, 14, 20 & 21

The Chalkliners are in rehearsal for "A Trilogy" (three award winning one act plays) to be presented on Nov. 13, 14 and Nov. 20 and 21 at the Agawam Country Club under the direction of Doreen J. Deliso.

The trilogy consists of "Chamber Music" by Arthur Kopit with a cast of Dee Barnes, Alice Jones, Ann Demby, Lindelee Davis, Elayne Bellemore, Cathy Hertz, Dot Laberge, Florea Calo and Bob Reynolds.

"Snowangel" by Lewis John Carlino, with Eleanor Piccin and Ray Talbot, "Will the Real Jesus Christ Please Stand Up?" by Malcolm Marmorstein; Everett Hodge, Dennis Biagetti, Bill Gowdy, Jim Shenag, Bob Hertz, Bob Reynolds, Vern Ross and Flora Calo are in the cast.

Tickets are available at the Agawam Country Club or through members of the Chalkliners. Included in the price of the tickets is a finger buffet.

A donation from the show will be made to Downey Side Homes for Youth.

Planning Board Candidate Bonavita Calls For More Public Hearings

Albert J. Bonavita, 51 Dartmouth St., candidate for the five-year seat on the Planning Board on the Democratic ticket issued this statement in closing week before the election.

"I feel that every citizen of this town should be able to voice their opinion in any matter appearing before the Planning Board, therefore more public hearings should be arranged for the citizens of Agawam."

"No candidate for an office

should make any promises and especially if he is to be one member on a board of five. I feel the best answer to any questions on my platform would be that the health, welfare and safety of each and every citizen will be my first concern."

"I have attended Agawam Jr. and Senior High Schools and was a Dean's List student at Western New England College, where I received a Bachelor of Science Degree in Accounting. While at-

tending W.N.E.C. I was a member of the Newman Club, Accounting Club and a brother of the Pi.Tau Kappa fraternity.

"I was employed by the Treasury Dept. for approximately two years in the capacity of an auditor. I am presently an office manager for a large concern and have an accounting practice. I also am a Notary Public.

"I am married to the former Ellen Chagnon of this town and have a son. I have been a resident of this town for the last 12 years and presently own a home in town.

"People of Agawam, voice your opinion at the polls this Nov. 17, from 8 a.m. - 8 p.m.—VOTE Albert J. Bonavita to the 5 yr. seat on the Planning Board."

Republican Juliano Says "The Job of the Selectman Is To Act"

"The Selectman's Job Is To Act" Mr. John J. Juliano, Republican Candidate for Selectman today answers his opponent as follows:

"The people of Agawam are indeed the most important element in government. It is precisely because I have been listening to the young and the older folks—as a P.T.A. president, as a 4 year resident of one of Agawam's busiest streets—that I am offering my services to the people of Agawam to try to solve some of the problems that exist. An elected official must indeed continue to listen, but his particular job is to act—to attempt to solve these existing problems and to plan constructively for the future growth needs.

"To this end, I have publicly proposed a 'Hartford Cosmopolitan Plan' to aid our police force at minimum taxpayer cost. I have outlined immediate steps to be taken in helping the sewage proposals for the 1970s is a prime planning target—it must be negotiated for the best long term advantage of the Agawam citizen, business and industry.

"I support the efforts of private citizens to help solve the problems of youth. I will be a

voice for the Library Board's plans to better serve the people on Town Meeting floor. I will appoint the most qualified people who will serve on appointed boards regardless of party affiliation.

"But mostly, my 17 years of financial and administrative training and experience can benefit the taxpayer in the areas of direct Selectman control—namely the offices of the Town Hall, the D.P.W. and the Health Department.

"Yes, indeed, I listen intently, to demands, to desires, and to future needs. As an independent voter for most of my life, I have no obligations to self-serving interests. If elected, my obligation becomes TO ACT in the best interests of all the residents of Agawam. That is why I am a candidate for Selectman on the Republican ticket."
